Parallel Sessions A  
*Thursday, 2 December, 17:45-19:00*

**Session A.1 – Capital theory 1**  
Aula 21, chair: B. Schefold (Goethe University of Frankfurt)  
- Saverio M. Fratini (Roma Tre University)  
  *The Hicks-Malinvaud average period of production and ‘marginal productivity’: a critical assessment* [Discussant: M.P. Potestio (Roma Tre University)]  
- Harvey Gram (City University of New York)  
  *Neoclassical theory: under-determined, over-determined, or unable to move?* [Discussant: B. Schefold (Goethe University of Frankfurt)]

**Session A.2 – On Sraffa's manuscripts 1**  
Aula 22, chair: C. Gehrke (Karl Franzens University of Graz)  
- Giorgio Gilibert (University of Trieste)  
  *A pictorial approach to the Standard Commodity. With a digression* [Discussant: P. Trabucchi (Roma Tre University)]  
- Antonella Picchio (Univ. of Modena and Reggio Emilia)  
  *Notes on wages, supply of labour, national income and fiscal policy* [Discussant: C. Gehrke (Karl Franzens University of Graz)]

**Session A.3 – Distribution and the share of wages**  
Aula 11, chair: E. Screpanti (University of Siena)  
- Antonella Stirati (Roma Tre University)  
  *Changes in functional income distribution in Italy and Europe. Service sector prices, labour market conditions and institutional change* [Discussant: E. Screpanti (University of Siena)]  
- Aldo Barba (Federico II University of Naples)  
  *On the link between functional and personal distribution in Italy* [Discussant: A. Trezzini (Roma Tre University)]

**Session A.4 – Themes in the history of thought 1**  
Aula 12, chair: G. Mongiovi (St. John's University of New York)  
- Riccardo Bellofiore (University of Bergamo)  
  *Sraffa and Marx: a reopening of the debate* [Discussant: E.J. Nell (New School, New York)]  
- Scott Carter (University of Tulsa)  
  *On Sraffa’s ‘corrected’ organic composition of capital* [Discussant: E.J. Nell (New School, New York)]

---

Parallel Sessions B  
*Friday, 3 December, 12:00-13:45*
Session B.1 – Developments of Sraffa’s analysis
Aula 11, chair: L.L. Pasinetti (Università Cattolica del Sacro Cuore, Milan)
• Luigi L. Pasinetti (Università Cattolica del Sacro Cuore, Milan)
  A personal evaluation of the tasks in economic theory that Piero Sraffa has left to his pupils
  [Discussant: P. Leon (Roma Tre University)]
• Enrico Bellino – (Università Cattolica del Sacro Cuore, Milan)
  Employment and income distribution from a Classical-Keynesian viewpoint. Some tools to
  ground a normative analysis [Discussant: L. Boggio (Università Cattolica del Sacro Cuore, Milan)]
• Nadia Garbellini (Univ. Cattolica del Sacro Cuore, Milan) and Ariel Wirkierman (Univ. Cattolica del Sacro Cuore, Milan)
  Pasinetti's Structural Change and Economic Growth: a conceptual excursus [Discussant: P. Porta (University of Milano–Bicocca)]

Session B.2 – On distribution and the social product
Aula 12, chair: E.J. Nell (New School, New York)
• E. Sergio Levrero (Roma Tre University)
  Marx on absolute and relative wages and the modern theory of distribution [Discussant: G. Mongiovi (St. John's University of New York)]
• Guglielmo Chiodi (Sapienza University of Rome) and Leonardo Ditta (University of Perugia)
  Sraffa and Keynes: two ways of making a 'revolution' in economic theory [Discussant: G. Mongiovi (St. John's University of New York)]
• Uschi Anthamatten (University of Fribourg)
  Sraffa and the making of the modern theory of income distribution [Discussant: G. Mongiovi (St. John's University of New York)]

Session B.3 – Effective demand and growth 1
Aula 21, chair: T. Aspromourgos (University of Sydney)
• Fabio Petri (University of Siena)
  Bringing sense back to the theory of aggregate investment [Discussant: T. Aspromourgos (University of Sydney)]
• Attilio Trezzini (Roma Tre University)
  The meaning of the long-run proportion of saving in social income [Discussant: M. Lavoie (University of Ottawa)]
• Oscar Dejuàn (University of Castilla-La Mancha)
  Demand constrained accumulation [Discussant: M. Lavoie (University of Ottawa)]

Session B.4 – Themes in economic policy 1
Aula 22, chair: V. Maffeo (Sapienza University of Rome)
• Sergio Cesaratto (University of Siena)
  Harmonic and conflict views in international economic relations: a Sraffian view [Discussant: F. Serrano (Federal University of Rio de Janeiro)]
• Emiliano Brancaccio (University of Sannio), Antonella Stirati (Roma Tre University) and
  Domenico Suppa (Federico II University of Naples)
Accumulation regime, income distribution and economic crisis [Discussant: V. Maffeo (Sapienza University of Rome)]
- Fabian Amico (Luján University, Buenos Aires) and Alejandro Fiorito (Luján University, Buenos Aires)

Exchange rate policy, distributive conflict and structural heterogeneity. The Argentinean and Brazilian cases [Discussant: F. Serrano (Federal University of Rio de Janeiro)]

Parallel Sessions C
Friday, 3 December, 18:00-19:15

Session C.1 – On equilibrium and prices
Aula 12, chair: G. Gilibert (University of Trieste)
- Carlo Benetti (Univ of Paris Ouest Nanterre), Christian Bidard (Univ of Paris Ouest Nanterre) and Edith Klimovsky (Metropolitan Autonomous University, Mexico)
  Disequilibrium and reproduction prices: some dynamic extensions of Sraffa's model [Discussant: E. Bellino (Univ.Cattolica del Sacro Cuore, Milan)]
- Takashi Yagi (Meiji University, Tokyo)
  The Sraffian price system and the classical theory of value and distribution [Discussant: G. Gilibert (University of Trieste)]

Session C.2 – On Sraffa's manuscripts 2
Aula 11, chair: H. Gram (City University of New York)
- M.Cristina Marcuzzo (Sapienza University of Rome) and Annalisa Rosselli (University of Rome “Tor Vergata”)
  Sraffa and his arguments against 'marginism' [Discussant: H.D. Kurz (Karl Franzens University of Graz)]
- Neri Salvadori (University of Pisa)
  Besicovitch, Sraffa, and the existence of the Standard commodity [Discussant: H. Gram (City University of New York)]

Session C.3 – On Post-Keynesian Theories
Aula 21, chair: R. Ciccone (Roma Tre University)
- Tony Aspromourgos (University of Sydney)
  Sraffa's System in relation to some main currents in unorthodox economics [Discussant: R. Ciccone (Roma Tre University)]
- Marc Lavoie (University of Ottawa)
  Should Sraffian economics be dropped out of the post-Keynesian school? [Discussant: A. Stirati (Roma Tre University)]

Session C.4 – Themes in economic policy 2
Aula 22, chair: G. Chiodi (Sapienza University of Rome)
Guido Montani (University of Pavia)
Money and finance as global public goods. Contribution to a supranational macroeconomic theory [Discussant: A. Barba (Federico II University of Naples)]

Carlo Panico (Federico II Univ of Naples), Antonio Pinto (Federico II Univ of Naples) and Martin Puchet Anyul (National Autonomous University, Mexico)
Inequality and the size of the financial industry [Discussant: G. Chiodi (Sapienza University of Rome)]

Parallel Sessions D
Saturday, 4 December, 9:00-10:45

Session D.1 – Capital Theory 2
Aula 21, chair: D. Tosato (Sapienza University of Rome)
- Paolo Trabucchi (Roma Tre University)
  Some notes on the call for a 'dynamics' in pure theory in the 1930s [Discussant: B. Ingrao (Sapienza University of Rome)]
- Bertram Schefold (Goethe University of Frankfurt)
  Approximate surrogate production functions [Discussant: D. Tosato (Sapienza University of Rome)]

Session D.2 – Effective demand and growth 2
Aula 22, chair: G. White (University of Sydney)
- Heinrich Bortis (University of Fribourg)
  Piero Sraffa and Shackle's Years of High Theory: Sraffa's significance in the history of economic theories [Discussant: E.S. Levrero (Roma Tre University)]
- Edward J. Nell (New School, New York)
  Transformational growth: from a Marshallian (almost Neo-Classical) system to Keynesian growth [Discussant: G. White (University of Sydney)]
- Matthew Smith (University of Sydney)
  Demand-led growth theory: an historical approach [Discussant: A. Trezzini (Roma Tre University)]

Session D.3 – Development in different historical contexts
Aula 11, chair: F. Serrano (Federal University of Rio de Janeiro)
- Amiya Bagchi (Inst. of Development Studies Kolkata)
  Modes of extraction and use of surplus in Indian development [Discussant: C. Medeiros (Federal University of Rio de Janeiro)]
- Eduardo Crespo (Federal University of Rio de Janeiro) and Mirelli Malaguti (Nucleo de Estudos Internacionais)
  The economic development of Soviet Russia: between potatoes and warheads [Discussant: I. Eliseeva (S. Petersburg State University)]
• Fabio Freitas (Federal University of Rio de Janeiro) and Esther Dweck (Federal University of Rio de Janeiro)

*Patterns of economic growth in the Brazilian economy 1970-2007: demand led growth under balance payments constraints* [Discussant: A. Simonazzi (Sapienza University of Rome)]

**Session D.4 – Themes in the history of thought 2**
Aula 12, chair: G. Montani (University of Pavia)

• Christian Gehrke (Karl Franzens University of Graz)

'Rent, as share of produce...; not governed by proportions' [Discussant: G. Montani (University of Pavia)]

• Gennady Bogomazov (S. Petersburg State University) and Denis Melnik (S. Petersburg State University)

*Ricardo's Writings in Russia: Influence and Interpretations* [Discussant: R. Soliani (University of Genova)]

• Riccardo Soliani (University of Genova)

*L'abbe' Baudeau : what's new about the distribution theory of Physiocracy?* [Discussant: G. Gilibert (University of Trieste)]

---

**Parallel Sessions E**

*Saturday, 4 December, 15:00-16:45*

**Session E.1 – On competition and prices**
Aula 21, chair: E.S. Levrero

• Ajit Sinha (Indira Gandhi Institute of Development Research)

*A reinterpretation of Sraffa's Production of Commodities by Means of Commodities* [Discussant: S.M. Fratini (Roma Tre University)]

• Graham White (University of Sydney)

*Degrees of competition, the rate of return and growth in a classical/Sraffian perspective* [Discussant: E.S. Levrero (Roma Tre University)]

**Session E.2 – Effective demand and growth 3**
Aula 11, chair: A. Trezzini

• Maria Bronzi (Roma Tre University)

*Trend-determined cycle versus cycle-determined trend: an analysis* [Discussant: M. Smith (University of Sydney)]

• Andreas von Ah (University of Fribourg)

*Sraffa and the long-period theory of employment. Two ways to effective demand: Keynes's monetary way and Sraffa's real way* [Discussant: M. Smith (University of Sydney)]

• Antonella Palumbo (Roma Tre University)

*Potential output, actual output and demand-led growth* [Discussant: V. Maffeo (Sapienza University of Rome)]
Session E.3 – Labour and Welfare
Aula 22, chair: S. Cesaratto (University of Siena)
- Sergio Nisticò (University of Cassino)
  Financing unfunded public pension systems: some notes in the light of the classical-type theory of income distribution [Discussant: S. Cesaratto (University of Siena)]
- Annamaria Simonazzi (Sapienza University of Rome)
  Employment, well-being and care [Discussant: M. Causi (Roma Tre University)]
- Federica Roà (ISMO, Milan)
  On labour organization in capitalist and socialist economies [Discussant: D. Melnik (St. Petersburg State University)]

Session E.4 – On Sraffa’s manuscripts 3
Aula 12, chair: E. Bellino (Università Cattolica del Sacro Cuore, Milan)
- Richard Arena (University of Nice-Sophia Antipolis)
  On Sraffa’s “Lectures on Industry” [Discussant: C. Gehrke (Karl Franzens University of Graz)]
- Two newspaper comments on Sraffa’s works, by Alberto Quadrio Curzio (Università Cattolica del Sacro Cuore, Milan), read by Enrico Bellino (Università Cattolica del Sacro Cuore, Milan)
